The only payment solution you'll need on your fleet's journey from fuel to EVs.

GOING ELECTRIC?

THINK Allstar Chargepass®

CHARGING ON THE ROAD

CHARGING AT HOME

REFUELLING

One card. One invoice. One dashboard. Simple.

Power your mixed fleet with an all-in-one solution

We're experts in keeping businesses on the move. And that doesn't change as fleets make the transition to electric vehicles.

Juggling multiple payments for your mixed fleet?

Whether drivers are charging at home, on the road or refuelling - we've got you covered. Allstar Chargepass is the only solution in the UK that handles all your drivers' payment needs - with full visibility on all spend in one dashboard.

Worried about time lost charging in public?

Help say goodbye to driver downtime with access to one of the UK's fastest commercial EV charging networks. 91% of our 14,000 charge points are fast, rapid or ultra-rapid, getting drivers back on the road in no time.

Drivers charging at home?

No problem. Our award winning software is compatible with every EV and most EV home chargers. Drivers simply plug in at home and we pay their energy suppliers directly*.

It's time to embrace the simplicity and advantages of Allstar Chargepass. Speak to a member of our experienced team today, and find out how we can help make your EV transition as seamless as possible.
